Dallas Airmotive Opens Sales and Service Regional Headquarters in Brazil

Geneva, Switzerland...May 12, 2009... BBA Aviation's Engine Repair and Overhaul (ERO) company Dallas Airmotive has announced the opening of a new sales and service regional headquarters in Belo Horizonte, Brazil. Initially, Dallas Airmotive do Brazil will support military, commercial, business and general aviation aircraft in Brazil and the region with technical assistance, import/export management, logistics, field service and line replaceable unit (LRU) stocking. The facility is located close to the Pampulha Airport in Belo Horizonte.

"Brazil is a very active and growing market for turbine engine services," commented BBA Aviation Engine Repair and Overhaul President, Hugh McElroy. "We have been watching this market develop for many years and feel that now is the right time to establish a physical presence there. Our initial efforts will focus on military and commercial aircraft with a vision to grow our services to meet the demands of the Latin American market."

Additional information about BBA Aviation ERO services can be found by calling +1 214-956-3001, or viewing the company website at www.BBAAviationERO.com.

(Note to Editors)

BBA Aviation's engine repair and overhaul companies are primarily engaged in the repair and overhaul of gas turbine engines plus parts support. Under the name Dallas Airmotive, the company operates facilities at two locations in Dallas-Fort Worth metropolitan area plus its Premier Turbines division in Neosho, Missouri and its H+S Aviation affiliate in Portsmouth, England. Dallas Airmotive also maintains a network of Regional Turbine Centers across the United States and in England. The combined companies form a world leading, OEM-authorized, independent provider of services for Pratt & Whitney Canada PT6A/T, JT15D, PW100, PW300, PW500 and PW901 APU; Rolls-Royce Spey, Tay and Model 250/T63/T703; General Electric CF34, CT7/T700, and J85/CF700; Honeywell TFE731, CFE738, ALF502L engines, Honeywell Model 36 and 331 series APUs, and Hamilton Sundstrand T40-1 APU. In addition to its overhaul and repair facilities, BBA Aviation Engine Repair and Overhaul operates two parts supply companies, International Turbine Service (ITS) and Barrett Turbine Engine Company. Headquartered in Grapevine, Texas, the combined companies employ more than 1,300 personnel who service business aviation, regional airline, military and government agencies worldwide. For more information, please visit www.BBAaviationERO.com.

BBA Aviation plc is a publicly held corporation traded on the London stock exchange. BBA Aviation serves two primary markets – Flight Support and Aftermarket Services and Systems. Flight Support includes refueling, cargo handling, ground handling and other services to business and commercial aviation customers. The Aftermarket Services and Systems activities include repair and overhaul of turbine engines, supply of aircraft parts, design, manufacture and overhaul of landing gear, aircraft hydraulics and other aircraft equipment. Operating companies and their subsidiaries include Dallas Airmotive, Signature Flight Support, ASIG, APPH, Premier Turbines, International Turbine Service, International Governor Services, Ontic, Barrett Turbine Engine Company, and H+S Aviation.
