**Mike Frazier Joins BBA Aviation ERO
as Regional Engine Manager for Pratt & Whitney Canada Products**

Dallas, Texas...November 18, 2010...Michael Frazier has joined BBA Aviation Engine Repair and Overhaul (ERO) company Dallas Airmotive as Regional Engine Manager selling engine services for Pratt & Whitney Canada PT6A, JT15D, PW500 and PW306C engines. Frazier will cover the Northeastern USA from Pennsylvania through Maine.

“Mike knows Pratt & Whitney Canada products inside and out,” commented Dennis DiMarco, BBA Aviation ERO Vice President Sales North America. “He has spent 20 years working on PWC products in a variety of roles from assembly to technical sales to service center manager. His in-depth and hands-on knowledge make him a great asset for us and a good partner for our customers.”

Frazier spent nearly 20 years working for Pratt & Whitney Canada Engine Services starting as an assembly and test inspection supervisor then customer service manager, technical sales, service center operations manager and customer service manager/mobile repair team coordinator. Most recently, Frazier worked as service center manager/northeast sales manager for Vector Aerospace.

Frazier holds an Airframe & Powerplant license. He will be based in Pennsylvania.

(Note to Editors)

BBA Aviation’s Engine Repair and Overhaul group of companies is primarily engaged in the repair and overhaul of gas turbine engines and parts support. Operating under the names Dallas Airmotive, H+S Aviation and Premier Turbines, the combined companies form a world leading, OEM-authorized, independent provider of services for Pratt & Whitney Canada PT6A/T, JT15D, PW100, PW300, PW500 and PW901 APU; Rolls-Royce Spey, Tay and Model 250/T63/T703; General Electric CF34, CT7/T700, and J85; Honeywell TFE731, HTF7000, CFE738, ALF502L engines, and Honeywell Model 36, 331-200/250 and RE100 series APUs; and the Hamilton Sundstrand T40-1 APU. Dallas Airmotive operates facilities at two locations in Dallas-Fort Worth metropolitan area plus a network of Regional Turbine Centers across the United States, Brazil and in England. Premier Turbines is located in Neosho, Missouri. H+S Aviation is located in Portsmouth, England. In addition to its overhaul and repair facilities, BBA Aviation Engine Repair and Overhaul operates two parts supply companies: International Turbine

Service (ITS) and Barrett Turbine Engine Company. Headquartered in Grapevine, Texas, the combined companies employ more than 1,000 personnel who service business aviation, regional airline, military and government agencies worldwide. For more information, please visit www.BBAaviationERO.com.

BBA Aviation plc is a leading global aviation support and aftermarket services provider with market leading businesses and attractive growth opportunities. BBA Aviation's Flight Support businesses (Signature Flight Support, ASIG and Executive Beechcraft) are focused on refueling and ground handling of business and commercial aviation aircraft. Its Aftermarket Services and Systems businesses (Dallas Airmotive, Premier Turbines, H&S Aviation, International Turbine Service, Barrett Turbine Engine Company, Ontic, International Governor Services and APPH) are focused on the repair and overhaul of jet engines and the design, manufacture and service of aerospace sub-systems and components.
