Hannah Mitchison Joins BBA Aviation ERO Sales Team

Dallas, Texas...March 2, 2011...Hannah Mitchison has joined BBA Aviation Engine Repair and Overhaul Group (ERO) as Regional Sales Manager covering the United Kingdom, Ireland, Spain and Portugal. Mitchison will be responsible for sales of engine and accessory repair and overhaul services for all product lines offered by ERO. BBA Aviation ERO holds OEM authorizations on 24 engine types used in Business and General Aviation, Regional Airline, Commercial and Government/Military aircraft.

Mitchison has a background in engine and airframe sales having worked most recently with Orange Aero, a company specializing in selling Rolls-Royce RB211 reconditioned piece parts and in remarketing excess inventory for airline customers.

“We are pleased to find someone with Hannah’s background of working with power plant engineers and commercial directors,” stated Willy Harmon, Vice President of Sales for ERO. “Our clientele covers both corporate and commercial aviation and her experience will serve her well.”

Mitchison will be based out of BBA Aviation’s H+S Aviation facility in Portsmouth, UK.

(Note to Editors)

BBA Aviation’s Engine Repair and Overhaul group of companies is primarily engaged in the repair and overhaul of gas turbine engines and parts support. Operating under the names Dallas Airmotive, H+S Aviation and Premier Turbines, the combined companies form a world leading, OEM-authorized, independent provider of services for Pratt & Whitney Canada PT6A/T, JT15D, PW100, PW300, PW500 and PW901 APU; Rolls-Royce Spey, Tay and Model 250/T63/T703; General Electric CF34, CT7/T700, and J85; Honeywell TFE731, HTF7000, CFE738, ALF502L engines, and Honeywell Model 36, 331-200/250 and RE100 series APUs; and the Hamilton Sundstrand T40-1 APU. Dallas Airmotive operates facilities at two locations in Dallas-Fort Worth metropolitan area plus a network of Regional Turbine Centers across the United States, Brazil and in England. Premier Turbines is located in Neosho, Missouri. H+S Aviation is located in Portsmouth, England. In addition to its overhaul and repair facilities, BBA Aviation Engine Repair and Overhaul operates two parts supply companies: International Turbine Service (ITS) and Barrett Turbine Engine Company. It also operates International Governor Services, a turbine engine control repair and overhaul company. Headquartered in Grapevine, Texas, the combined companies employ more than 1,000 personnel who service business aviation, regional airline, military and government agencies worldwide.
