**Premier Turbines Attends LABACE  
To Showcase GE M601 and H80 Engine Repair Services**

São Paulo, Brasil...August 10, 2011... Premier Turbines, a BBA Aviation company, is making its initial appearance at LABACE to showcase its repair services for GE M601 and H80 turboprop engines. Premier Turbines is GE Aviation's Designated Repair Center for North and South Americas.

Premier Turbines offers heavy repair services of engines and components, exchange engines, rentals, line replacement rotatable pools and field service support to current M601 operators and future H80 operators in the Americas. There are more than 350 M601 engines in service in South America, primarily in use by regional airlines.

Located in Neosho, Missouri, Premier Turbines is a leading provider of turbine engine repair and overhaul services for operators of commercial, business and general aviation, military and agricultural aircraft.

Premier Turbines will be exhibiting at Booth 4027 during the 2011 LABACE Conference and Exhibition August 11-13.

## 2- Premier Turbines Supports GE M601 engines in Americas

**(Note to Editors)**

BBA Aviation's Engine Repair and Overhaul group of companies is primarily engaged in the repair and overhaul of gas turbine engines and parts support. Operating under the names Dallas Airmotive, H+S Aviation and Premier Turbines, the combined companies form a world leading, OEM-authorized, independent provider of services for Pratt & Whitney Canada PT6A/T, JT15D, PW100, PW300, PW500 and PW901 APU; Rolls-Royce Spey, Tay and Model 250/T63/T703; General Electric CF34, CT7/T700, M601/H80 and J85; Honeywell TFE731, HTF7000, CFE738, ALF502L engines, and Honeywell Model 36, 331-200/250 and RE100/RE220 series APUs; and the Hamilton Sundstrand T40-1 APU. Dallas Airmotive operates facilities at two locations in Dallas-Fort Worth metropolitan area plus a network of Regional Turbine Centers across the United States, Brasil and in England. Premier Turbines is located in Neosho, Missouri. H+S Aviation is located in Portsmouth, England. In addition to its overhaul and repair facilities, BBA Aviation Engine Repair and Overhaul operates two parts supply companies: International Turbine Service and Barrett Turbine Engine Company and one component and accessory repair and overhaul company International Governor Services. Headquartered in Grapevine, Texas, the combined companies employ more than 1,000 personnel who service business aviation, regional airline, military and government agencies worldwide.
